## Because you deserve the best

Jos Theys (from Jos Theys Boerderij) has been a guarantee for meat of the best quality for years. Since the end of 2017, he has been offering accommodation in a new concept: various luxury units that keep the middle between a cozy house and a spacious apartment.

Very rural but easily accessible from Leuven, Aarschot, Brussels, Hasselt and 20 minutes from the airport, you can find this lovely quiet place.

Your comfort is key: all units are equipped with special acoustic coverings, are located in the green and with beds of the best quality.

## Each unit is fully equipped

Each unit has an area of approximately 100m<sup>2</sup> and can accommodate up to 4 people. Some units can be connected with each other (ideal for families) so that a unit of up to 8 people is created.

Living room: Each "unit" has a spacious living space with large windows. A cozy seating area and a large dining table. A kitchen corner is available to provide yourself with a small bite.
